

3dr solo battery diagnostic tool and charging adapter

The Battery Management System (Smart Battery) does the balancing internal to the Solo battery (just like the stock charger). You just tell the LiPo charger to "charge", not "Balance charge". In fact I'm just using the stock ...

That's the email address for the madhacker and the "3DR Solo Battery charging adapter and diagnostic tool". Unless he's also making the Solotool, I don't think that's the ...

I'm only using stock chargers, but others have invested in true lipo chargers and made up plugs to interface with the stock battery. This makes good sense as the lipo charger ...

how can you tell if still-boxed batteries are good? my 5 cents - you can't need to charge, drain, measure every cell voltage difference, mAh with 3DR Solo Battery diagnostic ...

This listing includes an original 3DR Solo smart battery charger and a full set of replacement propeller blades. Ideal for Solo drone users needing spare parts or replacements to keep their ...

Find 30060 3dr solo charger for 3D printing, CNC and design. This is a printable 3D adapter plug designed specifically for the 3DR Solo charger, allowing you to connect any standard 16.8V ...

3DR BT11A Rechargeable Lithium Smart Battery For use with Solo Quadcopter Drone, 14.8V LiPo Flight Battery, 5200 mAh Capacity, LED Charge Indicators With a 5200 mAh capacity, the Smart Battery for Solo ...

Hi. I'm new to the solo. Bought a used one at a great price recently and love it. My issue is that I have 3 batteries and sometimes need to charge it in remote locations where ...

Some others have mentioned this tool on the Solo forum (can't find the thread right now), but I wanted to give you my initial impressions. The tool can be found here: 3DR ...

There is a custom bootloader on the device, so when I figure out more about the battery, it's possible to upgrade it using a standard FTDI cable and the avrdude tool (for ...

3dr solo battery diagnostic tool and charging adapter
