

Aa 5060114614185 solar powered car battery charger black

How does the AA car battery solar-powered charger work?

The AA Car Battery Solar-Powered Charger will trickle charge and maintain a 12V vehicle battery whilst the vehicle is parked by converting light energy during daylight hours into 12 volts DC. The AA Solar Charger is easy to install by plugging directly into the EOBD socket and is fitted with a flashing blue LED light to indicate charge.

What is a solar panel car & caravan battery charger?

These items are dispatched from and sold by different sellers. The AA Solar Panel Car & Caravan Battery Charger is ideal for vehicles that are only occasionally used, or are only used for short journeys. It extends battery life by keeping the battery in a good state of charge through a trickle charge, topping up a 12V battery.

Can I use the AA car battery solar charger outside?

Please note: the charger can only be used while the vehicle is parked and off. It is not waterproof and should not be left outside. The AA Car Battery Solar Charger is suitable for use on petrol cars from 2001 onwards and diesel cars from 2004 onwards.
