

What is a solar battery tender?

Thankfully, there is a simple solution to your battery draining problems and that is a solar battery tender. A battery tender, or maintainer, is designed to maintain your vehicle's battery at the optimum charge so that your car is ready to go whenever you are.

Can you use a battery tender on a lawnmower?

You can use your battery tender to maintain the battery on your lawnmower, boat, motorcycle, or any other device that uses a 12V battery. And, with the convenience of solar power, you do not have to be near an electrical outlet. Best of all, solar power is a clean renewable energy source that is free to use, so why not take advantage of it?

Why should you choose a solar battery tender?

It also comes with multiple mounting options such as suction cups to attach to the inside of the windshield or on the dash. One of the biggest benefits of choosing a solar battery tender is portability. You can charge your vehicle's battery anywhere you want as long as there is sunlight.

Should you use solar power for a car battery tender?

When it comes to battery tenders, solar power is a great choice because you can charge your vehicle batteries even in the most remote locations and the energy is free. Many people use their battery maintainers to keep car batteries alive through seasons of non-use, but there are many other uses as well.

Who is battery tender?

Battery Tender is a 58-year-old family-owned automotive, powersport, and marine product engineering and manufacturing company headquartered in Deland, Florida. From our battery chargers and maintainers to our recent innovations, we focus on products that Start with Trust. Deltran Battery Tender 1.39 pounds 0.6 x 6.69 x 6.18 inches 021-1172 021-1172

Does the deltran battery tender battery maintainer have solar power?

Now you can have those benefits plus the added benefit of using solar power. The Deltran Battery Tender Battery Maintainer comes with a 14" x 16" spark and waterproof solar panel that is built to last. The crystal clear solar glass allows more sunlight to penetrate the panel while also protecting the solar cells from inclement weather.

I chose this Battery Tender brand 5W solar panel to keep my lawn tractor battery charged because of the ball-mount clamp system that comes with the panel for mounting.

Lightweight, fully-automatic, and easy to use, the Battery Tender's Solar Panels are the only panels available with a built-in charge controller to prevent overcharging.
