

How long does a Beats Solo 3 battery last?

Thanks to a battery life of 40 hours, Beats Solo 3 Wireless is your perfect everyday reliable headphone. With Fast Fuel, a 5-minute charge gives you 3 hours of playback. Have a great sound and voice experience with on-ear controls and beam-forming mics for some quality wireless listening freedom.

Are Beats Solo 3 wireless headphones any good?

The Beats Solo 3 Wireless are potentially amazing headphones- assuming you're happy with the familiar plastic (and durable) design to start with. We're impressed with the features on offer here, particularly the best battery life we've ever seen on a pair of wireless headphones.

What is the Beats Solo3 Wireless's 3.5 mm port for?

The Beats Solo3 Wireless sports a 3.5 mm port that allows you to connect a wire to most devices you can find in the modern market. Once you've secured the line, whatever's streaming from your audio gadget will pass through the Beats Solo3 Wireless.

What type of audio cable should I use for my Beats Solo3 Wireless?

You can't use just any kind of wire though, so you should be mindful of which one you get. To connect your Beats Solo3 Wireless, first, locate the headphone jack on the left earcup. Once you've pinpointed it, simply plug one end of the correct audio cable into the headphones and the other end into your source device.

Does beats solo3 have a mic?

You'll see that your console has a 2.5 mm audio port while the Apple headset sports a 3.5 mm jack. Only after using a compatible cable and the right audio adapter can you use the Solo3's mic with your Xbox. This is well worth it, though, especially since the Beats Solo3 Wireless is known for its phenomenal audio quality.

Does beats solo3 support Bluetooth?

The company decided to add Bluetooth support on their gaming consoles, allowing wireless pairing. The connection process is a lot like your typical Bluetooth linkages requiring you to activate Bluetooth on both gadgets. For the Beats Solo3 Wireless, simply press the Power button for a few seconds.

The Beats Solo 3 headphones have a battery life of up to 40 hours on a full charge. With a 20% charge, they last about 8 hours, depending on volume and usage.
