

Can a battery tender be used on a car?

Yes-battery tenders are suitable for cars,motorcycles,boats,ATVs,and any other vehicle with a battery. Learn what a battery tender is and why it's essential for vehicle storage. Our complete guide covers types,benefits,and how to choose the right battery maintainer for your stored car or motorcycle.

What is a battery tender?

A battery tender often refers to both battery maintainers and trickle chargers. However,a battery maintainer often has more advanced features than a trickle charger,such as automatic charge rate adjustment,to better maintain the life of a car battery while it's plugged in.

Do I need a battery tender?

Certain situations will require a battery tender more than others. If you put a vehicle away for a season or two,such as an off-road vehicle you only drive during the summer,you should use a trickle charger to make sure the battery is ready to go when you unload the vehicle.
