

How to repair a Casio Edifice watch?

Replacing the battery in your Casio Edifice wrist watch is a quick and easy watch repair. Start by selecting a clean, flat work surface like a desk or table; make sure to give yourself plenty of room. Accidentally scratching the face of your watch during repairs is common.

How do I replace the battery on my Casio solar watch?

Slide the new battery (available at any electronics store or online) into the compartment and place the metal bar over it. Replace the battery cover and reassemble your Casio solar watch in the reverse order you took it apart.

Does Casio Edifice replace batteries?

Our technicians replace batteries for all Casio Edifice models of ladies and men's wrist-watches. We use only the best Swiss-made batteries. These are the recommended choice of most Swiss brands. Your watch is specially resealed to ensure its water-tight gasket meets manufacturer's ratings and is water resistant again.

How do I replace the battery in my Casio Edifice?

The battery in your Casio Edifice is held in place by a metal battery strap. Insert the tip of a pair of small nail tweezers into the clasp on one side of the battery strap to release it. With the battery strap out of the way, you can easily remove the spent battery and replace it with a new one.

What makes the Casio Edifice watch special?

The Casio Edifice watch is designed for the sophisticated and elegant modern man with a minimalistic design. The classy leather band enhances your masculine charm and the watch hands complement its appearance. Look like a man of effortless style with this watch.

How do I remove the back cover of my Casio solar watch?

Turn your Casio solar watch face-down to reveal the back plastic cover that is secured in place with six small screws. Some Casio models have two screws on either side of the watch face as well. Remove all the screws securing the back cover with your Phillips head screwdriver. Remove the screws on the side of the watch if applicable.
