

Casio g shock atomic solar battery replacement

How to change battery on Casio G-Shock?

For Casio G-Shock, not advisable to go to any shop to change battery. The water proof may be gone if not done properly. I learnt this the hard way. They repair and service Casio G-Shock watches and have been here for ages and the price is reasonable. DIY very simple, insert batteries & poke reset button.

Where can I buy a battery for a Casio G Shock?

G Shock's will contain a button cell battery. Most jewelers, watch repair shops, and even stores like Walmart and Target carry a suitable battery for most G Shock models. A shop will charge you \$10 to change the battery. If you have a Casio boutique near you with such good customer service, the battery change is often done for no cost.

Can a Casio G Shock be repaired?

Casio G Shock have been an iconic watch model, with a great history. In many cases, a local jeweler or watch repair shop can handle a Casio G-Shock. For really basic repairs like resizing and battery swaps, you can do much of that yourself. Beyond that, my best advice is to seek a pro repair shop for help.

How much does a Casio G Shock strap cost?

Replacing a strap on a Casio G shock is much less expensive than doing so on a higher grade watch. On average a G Shock strap runs between \$15 and \$20. You can also find 3rd party straps (not made by Casio) that will fit the G-Shock. The crowns are the knobs that protrude from the side of the watch that allows you to change functions.

How long do G Shock batteries last?

That said lots of standard battery G Shocks have batteries that last over 7 years and have brighter EL's and in some cases more functions. Get the G you like not based on solar or atomic only. G shock batteries cost 2 to 3 dollars on average and are easy to replace and if done correctly (with care) should not effect the water resistance.

Do G Shock batteries affect water resistance?

Get the G you like not based on solar or atomic only. G shock batteries cost 2 to 3 dollars on average and are easy to replace and if done correctly (with care) should not effect the water resistance. My friend have GW-330A-9V model over 7 years now. And yes, recently he replaced the batteries. I've always heard mixed stuff about this matter.
