

Cheapest containerized renewable power supplier in France

Which energy companies offer a fixed-price electricity offer?

Subsidiary of the Saint Martin de Londres electricity cooperative, Lucia Energie offers a fixed-price electricity offer for 1 year, equivalent to the regulated tariffs. Founded by ELDs in the Oise and the Somme, Proxelia offers an electricity offer with a reduction in both the subscription and the price per kWh.

What are the greenest electricity suppliers?

In fact, some suppliers offer electricity from renewable sources but continue to produce fossil fuels in parallel. To better inform consumers, Greenpeace has produced a ranking of the greenest electricity suppliers. In the lead: Enercoop: Sources 100% renewable energy and supports small independent producers.

How many electricity suppliers are there in France in August 2025?

Founded by ELDs in the Oise and the Somme, Proxelia offers an electricity offer with a reduction in both the subscription and the price per kWh. On the French market, EDF, Engie, TotalEnergies and Eni are the main electricity suppliers. All in all, 32 electricity suppliers are in the French market in August of 2025.

Are all green energy suppliers the same?

More and more suppliers are launching their green energy offers, however not all are created equal. In fact, some suppliers offer electricity from renewable sources but continue to produce fossil fuels in parallel. To better inform consumers, Greenpeace has produced a ranking of the greenest electricity suppliers.

Can French customers use alternative suppliers?

In line with European Union free market rules, French customers can use alternative suppliers- but some were badly stung when sharp wholesale price rises caused by the war in Ukraine were passed on. Meanwhile, EDF's domestic customers were protected by a 'tariff shield' put in place by the government.

Is EDF a regulated energy supplier?

EDF is the historical electricity supplier and the main energy supplier in France. The company offers both regulated tariffs and market-priced deals. EDF also offers green electricity and self-consumption solutions. EDF's regulated tariff offers are known as 'Tarif Bleu' and are regulated by the public authorities.
