

Do ring solar panels work with a battery?

Ring solar panels only work with Ring devices that come with a battery. If a device has no battery, the Ring solar panel can't be used with it. When you choose the Wired mode during installation, the Ring app might treat the device as a wired device and, as such, not recognize the solar panel when it's connected.

How do I connect a ring security camera to a solar panel?

Connecting your Stick Up Cam (2nd Gen) Battery or Outdoor Cam (formerly Stick Up Cam, 3rd Gen) to the Solar Panel is a simple process. Some newer Ring security cameras may have a USB-C connector instead of a barrel plug. If you have an older Solar Panel and a newer Stick Up Cam or Stick Up Cam Pro, you can purchase an adapter to use them together.

What is ring solar panel?

Solar Panel is a small device that can be mounted outdoors and connected to your Ring Video Doorbell with a cable. With just a few hours of direct sunlight per day, it will extend the life of your doorbell battery. What comes in the box? What are the dimensions of Ring Solar Panel? 7.8 in x 5.5 in x 0.5 in (19.8 cm x 14 cm x 1.3 cm)

How do I connect my ring solar panel to my stick up Cam?

3. Plug your Ring Solar Panel into your Stick Up Cam Battery. 4. If the plug on your Solar Panel looks like this, do the following: Remove (and save) the two screws on either side of the Solar Panel port on the back of your Stick Up Cam.

How do I install a ring solar panel?

1. Mount your Solar Panel to a wall or flat surface, following the instructions in the included manual. 2. Remove the rubber plug from the upper rear of your Stick Up Cam Battery. 3. Plug your Ring Solar Panel into your Stick Up Cam Battery. 4. If the plug on your Solar Panel looks like this, do the following:

Do I need a solar panel for each ring camera?

Yes! You do need one solar panel for each Ring camera. Solar panels and chargers are made to work with just one device at a time. So, if you want to use the solar option for multiple cameras, you'll need a separate solar panel or charger for each camera. Each camera needs its own sunny buddy to keep it charged and running.
