

Container solar mounting EPC service price in India

What are the opportunities for solar EPC service providers in India?

India's solar market is expected to continue growing, creating a wealth of opportunities for Solar EPC service providers. With government initiatives and incentives such as the National Solar Mission and state-level programs, there are many opportunities for solar companies to expand their horizons.

Why are solar EPC companies growing in India?

For Solar EPC companies, this growth means having more projects, more contracts, and more potential for innovation. As demand for solar power plants increases, EPC contractors will get a better chance of designing and implementing large-scale installations across India, especially in rural and remote areas.

Who is the best EPC solar company in India?

OSG Oriana India is one of the best EPC solar companies in India. We provide end-to-end solutions to our clients while also assisting through the entire process of project evaluation, design, engineering, operation and maintenance.

What is solar EPC?

EPC stands for Engineering, Procurement, and Construction of a Solar System. While the term is mainly used in creating commercial projects, nowadays, the term is also used for end-to-end solar installation services for residential projects. In solar EPC, the solar company creates the design of your solar system based on your space and needs.

Do you use your own solar PV modules in your EPC projects?

We primarily use our own manufactured solar PV modules in our EPC projects. Design & Engineering : Through our in-house teams, we offer engineering solutions to our clients, with an aim to provide quality solar plants aimed at optimizing the life cycle cost of electricity.

What do EPC contractors do for solar power plants?

To ensure your EPC projects are successful, here are three aspects that EPC contractors for solar power plants follow: Project Management: They make sure that all the phases of your solar power plant, from design to installation, are completed on time and within budget.
