How does solar quotes work?

SolarQuotes makes it easy for you to connect with trusted, approved solar and battery installers who provide services in your area -- for homes or businesses. The service is 100% free, with no added cost to your quotes and absolutely no obligation to buy. Simply complete the secure online quote form and provide your project details.

Should I compare solar quotes purely on price?

We recommend that you do not compare solar quotes purely on price. Each solar system is different, just as every rooftop and local conditions are different. Ensure that you receive a quote on a tailored system designed specifically for your property and, not just an off-the-shelf system. We recommend that you:
