

# Customized off-grid solar container quotation for Bolivia project

What is a solar quotation system?

The solar quotation system includes a straightforward customer relationship management(CRM) system that perfectly meets the needs of solar panel companies. Overbuilt systems can often complicate the process rather than streamline it.

What is a solar quotation form?

**Solar Quotation Form:** This form enables gathering essential data from clients about their solar system needs. It is fully customizable using a user-friendly drag-and-drop editor. **Simple Solar CRM:** Once client information is submitted through the quotation form, it is integrated into the Solar CRM system.

What makes LZY solar containers different?

LZY Solar Containers use proprietary folding panel technology to maximize power generation while maintaining standard shipping dimensions. Our systems are faster to deploy, generate more power than traditional solutions, and integrate seamlessly with existing infrastructure. How long does it take to manufacture and deliver a mobile PV container?

Why should you choose LZY solar panels on shipping container?

Efficient hydraulics help get the solar panels ready quickly. Due to its construction, our solar panels on shipping container offers unmatched flexibility and maneuverability. Sensitive solar arrays can be effectively protected from storms, vandalism and all possible threats. What is LZY's mobile solar container?

What is a solar panels on shipping container?

It not only transports the PV equipment, but can also be deployed on site. It is based on a 10 - 40 foot shipping container. Efficient hydraulics help get the solar panels ready quickly. Due to its construction, our solar panels on shipping container offers unmatched flexibility and maneuverability.

How long does it take to ship a solar container?

Standard solar container models can be manufactured and ready to ship in as little as 4-6 weeks. Customized configurations can take up to 8-10 weeks, with shipping times varying by destination. Do you offer after-sales support for mobile solar PV containers?
