

Government subsidy for power container in Ireland

What are EU subsidies to Ireland?

EU subsidies to Ireland are only slightly less than the Irish Government's. Subsidies are different to Social Benefits, which Government pays direct to workers and not to the employer. Government payments to cover shortfalls in pension funds of semi-state bodies are considered Other Transfers and not subsidies.

Who pays production subsidies in Ireland?

The Irish Government pays Production Subsidies for farm modernisation, for afforestation, for horse racing, for community services for disadvantaged people, and for providing employment to disadvantaged groups. The European Union also pays production subsidies: most of these coming into Ireland relate to agriculture.

How can I save money on energy bills in Ireland?

Talk to your energy supplier, work out a payment plan, and ensure you're on the best tariff for your needs. An Post provides a free Household Budget service for those with Electric Ireland, Bord Gais Energy and SSE Airtricity, reports the Irish Mirror. "Switching providers is another way to beat the bills.

Why are subsidies given to producers?

Subsidies are given to producers because the Government wants them to make more of their product, to make their product a certain way, to sell their product at lower cost, or to hire more workers. Subsidies are divided into Product Subsidies and Production Subsidies. Product Subsidies are paid per unit of the good or service which is produced.
