

## Government subsidy for solar panel container in Malaysia

Let's get one thing straight from the start -- currently, only solar tax incentives are being offered to Malaysian businesses (Sdn. Bhd. or Berhad.) and none are available yet for residential homeowners. Companies that are eligible can ...

The government on Monday announced an additional rooftop solar quota under the net energy metering (NEM) mechanism for households (NEM Rakyat) and the commercial and industrial segment (NEM Nova).

In addition to the NEM updates, the government has extended the Solaris rebate program, offering homeowners an RM4000 rebate for solar panel installations until April 2025, subject to eligibility terms and conditions.

"Upfront grants or cash rebates for installing the first four kWp for residential units will be a good way to replace the (government's electricity) subsidy," she said, adding that providing low-interest or interest-free loans to ...

Incorporating solar panel into your home or business is not just about reducing your electricity bill, it's about making a lasting investment in the future. With the solar initiatives in Malaysia's Budget 2025, the government ...
