Is Gold Coast solar power a green energy source?

Not only is Gold Coast solar power a green energy source that helps take the pressure off Australia's reliance on fossil fuels for electricity, but it is also a great way to save money on electricity bills.

Why do we need solar power in Australia and the Gold Coast?

If there is one thing we have an abundance of in Australia and the Gold Coast, it is sunshine. The more Gold Coast solar power systems that are installed across the country, the less we need to rely on power stations that are operating at capacity to keep the increasing demand for electricity at bay.

Do solar batteries increase energy costs at night?

Energy costs at night increase when you are home! Batteries for solar energy systems are becoming increasingly popular and more affordable. Installing a solar battery, such as the Tesla Batteries or LG Chem batteries can help ease energy costs. We can provide you with a custom battery solution based on your energy needs.

Where can I buy a solar battery?
