

Are solar panels rethinking energy strategies in Malaysia in 2025?

As solar panel prices in Malaysia reach historic lows, businesses and homeowners are rethinking their energy strategies in 2025. The new electricity tariff structure implemented July 1, 2025, combined with enhanced Self-Consumption (SelCo) programme benefits, has made solar panel installation in Malaysia more attractive than ever.

What is the quota for solar projects in Malaysia?

The remaining 500-MW quota is reserved for floating solar systems, with individual project sizes spanning 10 MW to 500 MW. Successful projects are expected to become operational in 2027. Eligible applicants should be Malaysia-incorporated entities with a minimum of 51% local equity holding.
